

Dear Recruiter,

I'm Brian, and I'm passionate about Mechatronic Engineering. With more than 7 years of experience in the field, I've had the opportunity to lead diverse teams, create unbeatable robots, and become the national champion of Taiwan. I am a current ASU Robotics Engineering student seeking a dynamic internship in mechatronics, mechanical engineering, or related fields.

Beyond my professional life, I'm a photographer, which enriches my perspective and fuels my creativity. I'm always excited to connect with like-minded professionals, share insights, and explore potential collaborations. Feel free to reach out if you'd like to connect!

Thank you for your time!

Best Regards,

Brian Hou
